

We are The Tea Club! Wooden toys made with a strong drive for “slow living” to inspire and set a cheerful world for the little ones and grown ups alike to play in harmony. We create exciting worlds of imaginative wooden toys that are made to last a lifetime. Our toys become dreams come true.

We want children to re-appropriate the value of a toy and their mentoring role, giving them the chance to use our toys as a trampoline to leap in the fantasy.

We suggest you make time for what’s important...

MAKE TIME FOR UNICORNS!

THE FUTURE IS THEIRS

We design and produce toys with the same attention a cup of tea requires. We don't rush the process. **Our toys are made with care and consideration** whilst respecting at the same time our planet for the next generations.

We value craftsmanship and longevity in a world drowning in disposable clutter.

Young or old, your inner unicorn will be dazzled!

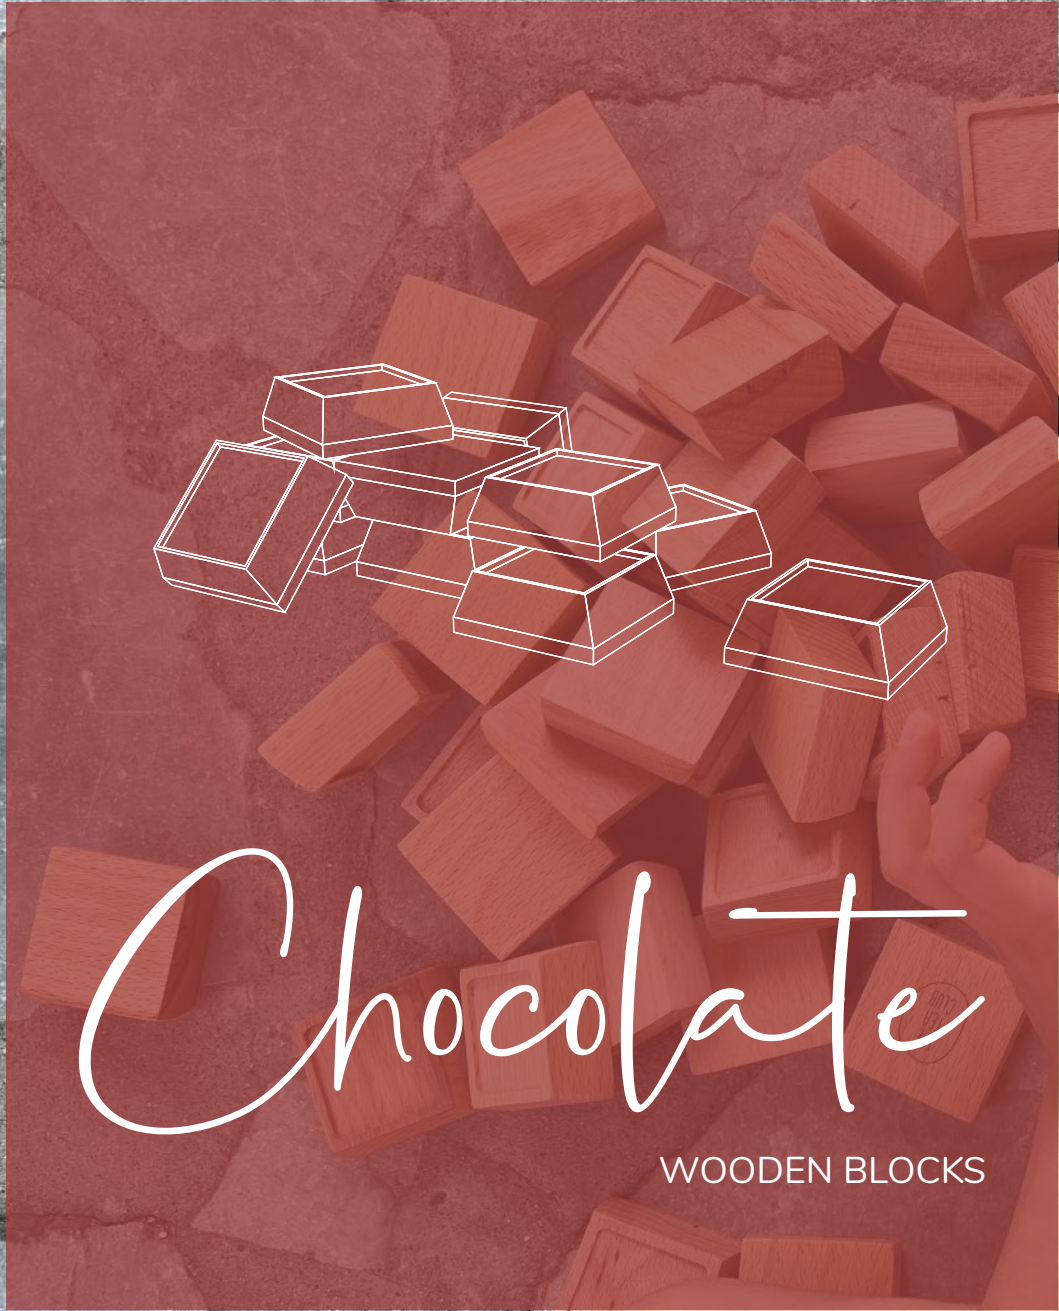

Soirée collection

2022-2023

A collection of wooden delights in colours and shapes that will enchant the little and big ones!
Enter the world of pretend play with stylish sweets, have a cup of tea and have fun with your real or
imaginary friends.

Chocolate /

WOODEN BLOCKS

Who doesn't love chocolate?

Chocolate is edible happiness, but not in this case! Use the chocolate as bulging blocks or gather around to share with friends through pretend-play.

Let your kids imagination run free and explore unique ways to engage with these delicious wooden blocks! Let your creativity take the lead!

Available in 3 flavours:
Milk chocolate / Raspberry / Matcha

The chocolate blocks come in a beautifully made eco-friendly packaging that becomes part of the toy. Don't toss it away, the little fellows will enjoy playing with it.

Designed for children 3+
